

# Business Resource Groups

**CHAPMAN**  
Focused on Finance

Chapman's diversity and inclusion efforts create the foundation for a community that supports equal opportunities for individuals of different races, ethnicities, religions, sexes, ages, sexual orientations, social classes, gender identities or expressions, and abilities.

Our Business Resource Groups (BRGs) provide supportive forums for guidance on all types of issues including client service, practice development, and leadership.

The **Black Attorneys BRG** creates opportunities for Black attorneys to share resources and provide guidance, mentorship, and support for each other and for black law students and undergraduates.

The **Ethnically Diverse Attorneys BRG** provides a supportive forum to facilitate personal, professional, and business development and serves as a resource for collaborative discussions of professional insights, challenges, and goals.

The **LGBTQ+ Attorneys BRG** offers opportunities to share experiences, mentor younger attorneys, and participate in strategic discussions around increasing the firm's legal business and client contacts.

The **Lateral Attorneys BRG** provides a supportive forum for lateral attorneys to support each other in their transition to Chapman, to share resources and lessons learned, and to help each other become fully integrated members of the firm.

The **Women Attorneys BRG** hosts networking events, business development workshops, and mentoring sessions to support and encourage women toward more leadership roles in the firm and community.

The **Working Parent Attorneys BRG** provides parents and expectant parents with resources to help them prepare for parental leave and return to work after leave, as well as mutual support and tips on navigating parenting while practicing law.
