

Project Agreements

Chapman attorneys are experienced in virtually all aspects of the structuring, negotiation, and documentation of project agreements related to renewable energy projects.

Our experience in specific types of project agreements includes:

- Asset Sale and Purchase Agreements
- Balance of Plant Agreements
- Construction Contracts
- Design-Build Agreements
- Development Agreements
- Due Diligence
- Engineering, Procurement and Construction Contracts
- Equipment Supply Agreements
- LLC Agreements
- Interconnection Agreements
- Installation Agreements
- Management Agreements
- Operation and Maintenance Agreements
- Ownership Interest Sale and Purchase Agreements
- Power Purchase Agreements
- Real Property Agreements
- REC Agreements
- Sale Leaseback Agreements
- Tax Equity Agreements
- Transmission Agreements
- Transportation Agreements
- Turbine Supply Agreements
