Felicia Graham is a partner in Chapman's Asset Securitization Department. She joined the firm in 2012.

Felicia acts as counsel to financial institutions in connection with their structured finance, asset-backed lending and structured products activities. She has significant experience in structuring, and advising on, financings involving a wide variety of assets, from trade and consumer receivables to complex derivative products, with a particular focus on representing banks and their asset-backed commercial paper vehicles.

Felicia has been active in advising clients in connection with regulatory developments and has authored several comment letters from clients and industry groups to federal regulatory agencies.

Prior to joining the Firm, Felicia was a partner in the Global Finance department of Orrick, Herrington & Sutcliffe LLP.
