

Kevin K. Low

SENIOR PROGRAMMER

Chicago

312.845.3874

kevinlow@chapman.com

Kevin Low is a senior programmer who specializes in applications that enhance the delivery of legal work product and services. Kevin has extensive programming experience, working with many languages including Java, C#, Objective-C, and JavaScript.

Kevin studied visual effects at Columbia College and computer science at Joliet Junior College. Prior to joining Chapman in 2012, Kevin taught iPhone programming as an adjunct faculty member at Joliet Junior College and worked as an iOS developer at Robert Half Technology. Kevin has built several applications featured on the Apple App Store.
