Chapman will be sponsoring a Gilda's Club Chicago virtual event that will be attended by Chapman's Chief Executive Partner Tim Mohan, who also serves as Board Chair of Gilda's Club Chicago. Gilda's Club Chicago is part of a national organization created in honor of Saturday Night Live cast member Gilda Radner, who died of cancer in 1989. The organization provides free information and support services for adults and children diagnosed with cancer, as well as for their family and friends. Chapman attorneys and staff volunteer at several events hosted by the club each year.
