TMA NYC Chapter Academic Relations Event: The Restructuring of Danfurn LLC

Event

November 17, 2021

Join Chapman's Larry Halperin and turnaround and restructuring industry leaders presenting the case study co-authored by Larry, Chapman's Michael Friedman, and University of Virginia Professor David Smith, "The Restructuring of Danfurn LLC." This unique program will use mock negotiations to work through restructuring alternatives for a company experiencing significant operational headwinds and a complex capital structure. Participants will have an opportunity to experience first-hand the varying roles and interests of lender groups and other parties-in-interest. Student participation is welcome and encouraged! Chapman is a proud sponsor of the TMA NYC Chapter.
