Sustainability Bonds to Finance Affordable Senior Housing in California

COUNSEL TO AN INVESTMENT BANK IN CONNECTION WITH THE REHABILITATION OF A 296-UNIT MULTIFAMILY AFFORDABLE HOUSING COMPLEX FOR SENIORS.

Chapman served as placement agent's counsel in an issuance of tax-exempt sustainability bonds on behalf of a non-profit community development financial institution which financed the equity contribution to a limited partnership to finance a 296-unit senior-designated multifamily rental housing project in Long Beach, California. The project is designed to further United Nations Sustainable Development Goals by providing secure and affordable housing for families and individuals of modest means.
